Condition 8. Obligations under Last Resort Supply Direction

Last Resort Supply Direction

- 8.1 The Authority may give a Last Resort Supply Direction to the licensee if it considers that:
- (a) a circumstance has arisen that would entitle it to revoke the Gas Supply Licence of a Gas Supplier other than the licensee (for this condition and condition 9 of this licence only, the “other supplier”); and
 - (b) the licensee could comply with the Last Resort Supply Direction without significantly prejudicing its ability:
 - (i) to continue to supply gas to its Customers’ premises; and
 - (ii) to fulfil its contractual obligations for the supply of gas.
- 8.2 The Last Resort Supply Direction will:
- (a) have effect on and from the date on which and the time at which the other supplier’s Gas Supply Licence is revoked; and
 - (b) stop having effect on and from a date, specified in the Last Resort Supply Direction.

Licensee’s obligations

- 8.3 In complying with the Last Resort Supply Direction, the licensee must take all reasonable steps to honour any commitment made to the Authority before the Authority gave it a Last Resort Supply Direction.
- 8.4 The licensee must comply with a Last Resort Supply Direction.
- 8.5 But the licensee is not required to comply with a Last Resort Supply Direction in respect of premises to which it would not be required to supply gas because of any of the exceptions set out in sub-paragraphs 5(a) to (c) of standard condition 22 (Duty to offer and supply under Domestic Supply Contract).
- 8.6 Within a reasonable period of time after receiving a Last Resort Supply Direction, the licensee must send a Notice to each of the premises specified or described in the Last Resort Supply Direction to inform each Customer:

- (a) that the other supplier stopped supplying gas to his premises with effect on and from the date on which the Last Resort Supply Direction had effect;
- (b) that the licensee began to supply gas to his premises with effect on and from the date on which the Last Resort Supply Direction had effect;
- (c) that the licensee is supplying gas to the Customer's premises under a Deemed Contract;
- (d) that the Customer may enter into a Contract with the licensee or any other Gas Supplier under which gas will be supplied to his premises; and
- (e) of the Charges for the Supply of Gas that the licensee may charge the Customer while supplying him under the Last Resort Supply Direction.

Charges under Last Resort Supply Direction

- 8.7 The licensee's Charges for the Supply of Gas to the premises specified or described in the Last Resort Supply Direction must not exceed an amount that may be expected, in total, approximately to equal the licensee's reasonable costs of supply (including, where appropriate, the costs of purchasing gas at short notice) and a reasonable profit.
- 8.8 If the licensee purchases gas to comply with a Last Resort Supply Direction, it must take all reasonable steps to do so as economically as possible in all the circumstances of the case.

Condition 9. Claims for Last Resort Supply Payment

Ability to make claim

- 9.1 If the licensee has received the Authority's consent under paragraph 9.5, it may make a claim for a Last Resort Supply Payment, under standard condition 48 (Last Resort Supply: Payment Claims) or standard special condition A48 (Last Resort Supply: Payment Claims) of the Gas Transporter Licence, from each Relevant Gas Transporter.
- 9.2 The licensee must not make a claim for a Last Resort Supply Payment if, and to the extent that, it has waived its ability to do so by Notice given to the Authority before the Authority gave it a Last Resort Supply Direction.

Process for making claim

- 9.3 If the licensee intends to make a claim for a Last Resort Supply Payment, it must:
- (a) give notice to the Authority of its claim; and
 - (b) give the Authority a calculation of the amount claimed with information to support that calculation,
- no later than a date notified to it by the Authority or, in the event that no such date is notified, five years after the date on which the Last Resort Supply Direction to which the claim relates stops having effect.
- 9.4 The total amount of the Last Resort Supply Payment (for this condition only, "the relevant amount") to be claimed by the licensee must not exceed the amount by which:
- (a) the total costs (including interest on working capital) reasonably incurred by the licensee in supplying gas to premises under the Last Resort Supply Direction and a reasonable profit,
- plus
- (b) any sums paid or debts assumed by the licensee to compensate any Customer in respect of any Customer Credit Balances,
- plus
- (ba) any additional (actual or anticipated) interest and finance costs (including fees, costs and expenses incurred in arranging such financing) associated with an arrangement approved in accordance with Clause 9.7C,
- are greater than:

- (c) the total amounts recovered by the licensee through Charges for the Supply of Gas to premises under the Last Resort Supply Direction (after taking all reasonable steps to recover such Charges).
- 9.5 If the Authority considers it appropriate in all the circumstances of the case for the licensee to make the claim notified to it in accordance with paragraph 9.3, the Authority will give its consent to the licensee.
- 9.6 The Authority may determine;
 - (a) that an amount other than the one calculated by the licensee is a more accurate calculation of the relevant amount.
 - (b) with the consent of the licensee, that the period over which the relevant amount should be paid should be longer than a single financial year in order to mitigate the impact on consumers.
- 9.7 If the Authority makes a determination under paragraph 9.6, the amount specified by it must be treated as the relevant amount for the purpose of paragraph 9.8.

Transfer of rights in relation to and arising from valid claims

- 9.7A The licensee may assign or dispose of all or any of its rights under the licence or otherwise in relation to or arising from a valid claim provided that the licensee has obtained the Authority's prior written consent to the proposed assignment or disposal, including the identity of the person to whom the assignment or disposal is made (such consent to be consistent with any guidance or policy statement published for the purposes of this condition or the assignment or disposal of rights in relation to or arising from valid claims).
- 9.7B If the licensee proposes to assign or otherwise dispose of all or any of its rights in relation to or arising from a valid claim, it shall give the Authority reasonable notice of its intention to assign or otherwise dispose of such rights together with such further information as the Authority may reasonably request relating to: the identity of the proposed assignee or acquirer, the circumstances of such intended assignment or disposal, the costs relating to such assignment or disposal; and/or the intentions in regard thereto of the person proposing to acquire such rights.
- 9.76C The licensee may include within any notice provided pursuant to paragraph 9.7B a revised notice (or revocation of a previous notice and provision of a new notice) in accordance with paragraph 9.3 for determination by the Authority, to exclude the licensee's interest on working capital (to the extent appropriate) and to include the costs of the financing arrangement (including fees, costs and expenses incurred in arranging such financing) entered into by the assignee in order to fund such assignment including anticipated interest to be charged in relation thereto the anticipated interest to be charged by the proposed assignee and any other adjustment mechanisms (all

of which require the approval of the Authority) provided that:

- (a) unless the Authority consents, the licensee has not already submitted the valid claim to Relevant Gas Transporters; and
- (b) the licensee procures from the proposed assignee or acquirer an undertaking on terms acceptable to the Authority relating to the calculation of such interest and other adjustments over the repayment term of the relevant amount, the sharing of any re-financing gains and the provision of information and other matters relating to conditions of the Authority's approval of the licensee's claim (pursuant to paragraph 9.3) or of the assignment or disposal of the licensee's rights (pursuant to paragraphs 9.7A to 9.7C) .

Submissions to Relevant Gas Transporters

9.8 A claim by the licensee for a Last Resort Supply Payment from each Relevant Gas Transporter referred to in paragraph 9.1 must specify:

- (a) the respective proportion of the relevant amount to be paid by that Relevant Gas Transporter (being the same as the number of premises located within its Transportation Services Area when expressed as a proportion of the total number of premises directly connected to the pipeline systems of all the Relevant Gas Transporters in question);
- (b) whether payment is to be made by quarterly or monthly instalments.
- (c) the account(s) into which the relevant amount should be paid (which may include the account of an LRSP Permitted Assignee);
- (d) the period over which the relevant amount should be paid;
- (e) the Authority's determination of the relevant amount in each year or for a procedure for the Authority to determine the same in the future; and
- (f) if payment is to be made to an LRSP Permitted Assignee, a statement from the licensee regarding any retained interest in and to, the valid claim and the related relevant amount.

9.9 Unless the Authority consents otherwise pursuant to an arrangement approved under paragraph 9.7A and 9.7C, a claim for a Last Resort Supply Payment will lapse if the licensee does not make it within six months after the Authority has given its consent under paragraph 9.5.

Exception for the withdrawal of Live Evergreen Tariffs

22D.1A Where the licensee wishes to withdraw a Live Evergreen Tariff, the licensee may treat that Live Evergreen Tariff as a Dead Tariff (a “Transitional Dead Tariff”) for a period of 49 days (the “Transitional Period”) in order to ensure that all the Domestic Customers which are subject to that Transitional Dead Tariff become subject to a Live Evergreen Tariff or Live Fixed Term Tariff.

27A.2 Where a Domestic Customer uses a Prepayment Meter the licensee must offer Emergency Credit and Friendly-hours Credit to that Domestic Customer, unless it is technically unfeasible and/or outside of the control of the licensee to offer those credit facilities to that Domestic Customer.

27A.3 Where it is technically unfeasible and/or outside of the control of the licensee to offer Emergency Credit and Friendly-hours Credit to the Domestic Customer, the licensee must take all reasonable steps to provide that Customer alternative short-term support in a timely manner.

27A.4 Where paragraph 27A.2 applies, if the licensee becomes aware or has reason to believe that a Domestic Customer is having or will have difficulty paying all or part of the Charges, the licensee must adhere to SLC 27.8 when calculating instalments for the Domestic Customer to repay the total amount of Emergency and/or Friendly-hours Credit provided.

Provision of Additional Support Credit

27A.5 Subject to paragraph 27A.7, on each and every occasion on which a licensee identifies that a Domestic Customer who uses a Prepayment Meter and who is in a Vulnerable Situation has Self-Disconnected or is Self-Disconnecting and/or the licensee becomes aware or has reason to believe that a Domestic Customer who uses a Prepayment Meter and who is in a Vulnerable Situation has Self-Rationed or is Self-Rationing, the licensee must offer Additional Support Credit to that Domestic Customer in a timely manner in addition to the support offered in paragraph 27A.2.

- 27A.6 Where paragraph 27A.5 applies, on each occasion on which the licensee offers Additional Support Credit, the licensee must assess the sum of Additional Support Credit it offers to the Domestic Customer and calculate the instalments for the Domestic Customer to repay the Additional Support Credit it offers to the Domestic Customer in accordance with SLC 27.
- 27A.7 Should the licensee, acting reasonably and having fully considered and complied with its obligation in paragraph 27A.5 and 27.A6 (apart from actually offering the Domestic Customer Additional Support Credit), determine that the provision of Additional Support Credit to the Domestic Customer is not in the best interest of the Domestic Customer the licensee shall not be obliged to provide Additional Support Credit under SLC27A.5 to that Domestic Customer on that occasion, however, the licensee must provide alternative appropriate support to that Domestic Customer in accordance with SLC 0 and SLC 31G.2.

Provision of Information

Definitions for condition

- 27A.9 In this condition:

“Self-rationing” means when a Domestic Customer deliberately limits its gas use to save money for other goods or services. Terms derived from this, such as ‘Self-Ration’ and ‘Self-Rationed’ shall be construed accordingly.

Condition 28. Prepayment Meters

Information about Prepayment Meters

- 28.1 If the licensee offers to enable a Domestic Customer to pay or a Domestic Customer asks to pay Charges for the Supply of Gas through a Prepayment Meter, the licensee must provide, prior to or upon the installation of that meter, appropriate information to that customer about:
- (a) the advantages and disadvantages of a Prepayment Meter;
 - (aa) information relating to the operation of the Prepayment Meter, including information about the process for, and methods by which, the Domestic Customer can pay in advance through the Prepayment Meter;
 - (b) where he may obtain information or assistance if:
 - (i) the Prepayment Meter is not operating effectively; or
 - (ii) any device used to allow the Charges for the Supply of Gas to be paid through the Prepayment Meter is not operating effectively;
 - (bb) the licensee's Emergency Credit, Friendly-hours Credit and Additional Support Credit facilities as defined in SLC 27A including what this is and when this can be used by the Domestic Customer; and

Safety and reasonable practicability of Prepayment Meters

- 28.1A Where a Domestic Customer uses a Prepayment Meter and the licensee becomes aware or has reason to believe that it is no longer safe and reasonably practicable in all the circumstances of the case for the Domestic Customer to do so, the licensee must offer:
- (a) to alter the position of, or replace with one which has been specially adapted, the Prepayment Meter installed in the Domestic Premises, either in accordance with its obligations under Schedule 2B (Gas Code) or otherwise, if it would make it safe and reasonably practicable in all the circumstances of the case, for the Domestic Customer to continue to use the Prepayment Meter;
 - (b) to make such other arrangements as are necessary to ensure that it would be safe and reasonably practicable in all the circumstances of the case, for the Domestic Customer to continue to use the Prepayment Meter; or

- (c) a facility for the Domestic Customer to pay Charges for the Supply of Gas through a means other than a Prepayment Meter, including, where condition 27.5 applies, the services referred to in condition 27.6(a)(i) and (ii).

28.1B The licensee must have regard to guidance on the interpretation of “safe and reasonably practicable in all the circumstances of the case” which, following consultation, the Authority may issue, and may from time to time revise.

Resetting of Prepayment Meters

28.2 Where a Domestic Customer pays Charges for the Supply of Gas through a Prepayment Meter, the licensee must take all reasonable steps to ensure that the meter is reset within a reasonable period of time:

- (a) after 1 August 2007, if any change has been made to Charges for the Supply of Gas before that date and the meter has not been reset;
- (b) after any change is made on or after that date to Charges for the Supply of Gas; or

- (b) publish that statement on and make it readily accessible from its Website (if it has one);
- (c) take all reasonable steps to inform each of its Domestic Customers who pay Charges for the Supply of Gas through a Prepayment Meter, at least once each year, of the statement and how to obtain it; and
- (d) give a copy of the statement on request and free of charge to any person.

Condition 28A. Prepayment Charge Restriction

Requirement to adhere to a Prepayment Charge Restriction

- (a) The licensee must ensure that, between 1 April 2017 and 31 December 2020, the aggregate amount of all Charges for Supply Activities to each Relevant Customer does not exceed the Relevant Maximum Charge within each Charge Restriction Period. However, the licensee will be released from its obligation to comply with SLC28A in the Charge Restriction Period beginning on 1 October 2020 and ending on 31 December 2020 if the CMA issues a direction pursuant to Articles 3.4 and 6 of the Energy Market Investigation (Prepayment Charge Restriction) Order 2016 (as varied) releasing it from that obligation.
- (b) Unless a direction has been issued by the Authority pursuant to paragraph (p), in order to comply with paragraph (a), the licensee must ensure that for each of its Prepayment Tariffs the aggregate Charges for Supply Activities applicable to any Relevant Customer at any consumption level (x kWh) in respect of a Charge Restriction Period do not exceed the Relevant Maximum Charge.
- (c) This condition 28A does not apply in relation to Fixed Term Supply Contracts entered into by a Relevant Customer on or before 24 June 2016.

Determination of the Relevant Maximum Charge

- (d) For each Charge Restriction Period of length t months (denoted j), and for each of the 14 Charge Restriction Regions (denoted i), the Relevant Maximum Charge for a given level of consumption x shall be determined by reference to the Benchmark Maximum Charges applicable during a Charge Restriction Period at two Benchmark Annual Consumption Levels denoted below as nil and m , as follows:

$$ChargeMax(x) = \left[ChargeMax_{i,j}(nil) \times \frac{t}{12} \right] + \left[\frac{ChargeMax_{i,j}(m) - ChargeMax_{i,j}(nil)}{m} \times x \right]$$

ChargeMax(m) and ChargeMax(nil) are defined as described in paragraph (e).

Calculation of the Benchmark Maximum Charges for Charge Restriction Periods

- (e) For each Charge Restriction Period, the Authority will calculate the Benchmark Maximum Charge for each:

- (i) Benchmark Annual Consumption Level; and
- (ii) Charge Restriction Region,

in accordance with the following formula:

$$\text{ChargeMax}_{i,j,k} - (\text{WC}_{j,k} + \text{NC}_{i,j,k} + \text{PC}_{j,k} + \text{OC}_{j,k} + \text{PPM}_j + \text{E}_{i,j,k} + \text{H}_{i,j,k})$$

where (the following units all being in pounds sterling):

- | | |
|----------------------------|---|
| ChargeMax _{i,j,k} | means the Benchmark Maximum Charge in Charge Restriction Region i, Charge Restriction Period j, at Benchmark Annual Consumption Level k; |
| WC _{j,k} | has the meaning given to it in paragraph 28AD.6 and calculated in accordance with paragraph 28AD.7; |
| NC _{i,j,k} | has the meaning given to it in paragraph 28AD.6 and calculated in accordance with paragraph 28AD.8; |
| PC _{j,k} | has the meaning given to it in paragraph 28AD.6 and calculated in accordance with paragraph 28AD.9; |
| OC _{j,k} | means the Operating Cost Allowance in Charge Restriction Period j, at Benchmark Annual Consumption Level k, calculated in accordance with paragraph 28A.12; |
| PPM _j | means the Prepayment Meter Uplift Allowance in Charge Restriction Period j calculated in accordance with paragraph 28A.13; |
| E _{i,j,k} | means the Earnings Before Interest and Tax Allowance in Charge Restriction Region i, in Charge Restriction Period j, at Benchmark Annual Consumption Level k, calculated in accordance with paragraph 28A.11; |
| H _{i,j,k} | means the Headroom Allowance in Charge Restriction i, in Charge Restriction Period j, at Benchmark Annual Consumption Level k, calculated in accordance with paragraph 28A.14.’ |
- (f) For the purposes of paragraph (e), the Earnings Before Interest and Tax Allowance in Charge Restriction Region i, in Charge Restriction Period j, at Benchmark Annual Consumption Level k, shall be calculated as follows:

$$\text{E}_{i,j,k} = \text{EBIT} \times (\text{WC}_{j,k} + \text{NC}_{i,j,k} + \text{PC}_{j,k} + \text{OC}_{j,k} + \text{PPM}_j)$$

where:

EBIT means 1.9368 %.

- (g) For the purposes of paragraph (e), the Operating Cost Allowance in Charge Restriction Period j, at Benchmark Annual Consumption Level k, shall be calculated in accordance with paragraph 28AD.10 after exclusion of any Smart Metering Non-Pass-Through Net Cost Change, as defined in SLC 28AD and published in the format set out in Annex 5 of SLC 28AD.
- (h) For the purposes of paragraph 28A.7, the Prepayment Meter Uplift Allowance in Charge Restriction Period j, shall be calculated as follows:

$$PPM_j = \left(PPM_0 \times \frac{CPIH_j}{CPIH_0} \right)$$

where:

PPM_0 means the Baseline Value of the prepayment uplift and shall be £39.6617

$CPIH_j$ means the value of the Consumer Prices Index including owner occupiers' housing costs, series ID: L522 (the "CPIH Index"), published by the Office for National Statistics or the successor to such series as may be identified by the Monetary Policy Committee of the Bank of England for the purposes of targeting inflation or as otherwise directed by the Authority. The value used shall be chosen as follows:

- For a Charge Restriction Period starting on 1 April to 30 September the value of $CPIH_j$ shall be calculated as:

$$CPIH_j = CPIH_{Dec\ j-1}$$

- For a Charge Restriction Period starting on 1 October of each calendar year and ending 31 March of the subsequent calendar year, the value of $CPIH_j$ shall be calculated as:

$$\text{CPIH}_j = \text{CPIH}_{\text{Jun } j-1}$$

CPIH_0 has the value 102.2

- (i) For the purposes of paragraph (e), the Headroom Allowance in Charge Restriction Region i , in Charge Restriction Period j , at Benchmark Annual Consumption Level k , for Benchmark Metering Arrangement l , shall be calculated as follows:

$$H_{i,j,k} = \text{HAP} \times (\text{WC}_{j,k} + \text{PC}_{i,j,k} + \text{OC}_{j,k} + \text{PPM}_j + E_{i,j,k})$$

where:

HAP means the Headroom Allowance Percentage, which is 1.4641%.

Determination and publication of Benchmark Maximum Charges and other values

- (j) Subject to paragraphs (l) and (m) no later than the fifth Working Day of February in relation to a forthcoming Charge Restriction Period j starting on 1 April, or no later than the fifth Working Day of August in relation to a forthcoming Charge Restriction Period j starting on 1 October, the Authority will:
- (i) determine the updated Benchmark Maximum Charges which shall apply for any forthcoming Charge Restriction Period by calculating such values in accordance with paragraph (e); and
 - (ii) publish such Benchmark Maximum Charges so calculated in the format specified in Annex 5.
- (k) Subject to paragraphs (l) and (m), at the same time as publishing the Benchmark Maximum Charges pursuant to paragraph 28A.15(b) the Authority will also publish the following values and, where relevant, identify the data sources used for:
- (i) the wholesale cost allowance calculated in accordance with paragraph 28AD.7;
 - (ii) the network cost allowance determined in accordance with paragraph 28AD.8;
 - (iii) the policy cost allowance, calculated in accordance with paragraph 28AD.9;
 - (iv) the value of CPIH_j as described in paragraph 28A.13.

- (l) If the information that is required to calculate one or more of the values listed in paragraph (k) is unavailable at the time of the calculation, the Authority may use an alternative source to set the values to determine the Benchmark Maximum Charges. In that event, the Authority will publish the alternative value(s) it has used to determine the Benchmark Maximum Charge at the same time as publishing the Benchmark Maximum Charges.
- (m) If, owing to a technical issue, the Authority is unable to publish the Benchmark Maximum Values or the values listed in paragraph (k) within the timetable set out in paragraph (j), it will publish such values without delay following resolution of the technical issue.

Duration of the Prepayment Charge Restriction

- (n) This condition will come into force on 1 January 2017 and shall cease to have effect on 30 June 2021.

Direction for alternative compliance assessment

- (o) The licensee may apply to the Authority to request a direction concerning the compliance of a particular Prepayment Tariff with the Prepayment Charge Restriction where, due to the structure of the relevant Prepayment Tariff, the Charges for Supply Activities at certain consumption levels would exceed the Relevant Maximum Charge, but the licensee can provide evidence to the reasonable satisfaction of the Authority that it is unlikely that Relevant Customers subject to such Prepayment Tariff will have a consumption level which would cause them to incur Charges for Supply Activities in excess of the Relevant Maximum Charge.
- (p) If the Authority has issued a direction to the licensee pursuant to paragraph (o), the licensee must comply with such direction and must determine, at the end of each Charge Restriction Period, whether any Relevant Customer has in fact incurred Charges for Supply Activities in excess of the Relevant Maximum Charge. If the licensee determines that this is the case, the licensee must:
 - (i) inform the Authority in Writing without delay; and
 - (ii) pay a rebate to, or credit the account of, each such Relevant Customer equal to the difference between the Charges for Supply Activities actually incurred and the Relevant Maximum Charge within 30 days of the end of the relevant Charge Restriction Period.

Reporting obligation

- (q) The licensee must provide the Authority with a report, in the format specified by the Authority from time to time, no more than 30 calendar days after the start of each Charge Restriction Period (without prejudice to the Authority's existing powers to request such information from the licensee at an earlier date). This report must state for each of its Prepayment Tariffs:
 - (i) the Tariff Name and any brand name that the Prepayment Tariff is marketed under;
 - (ii) the first and (where applicable) last dates on which each Prepayment Tariff was or will be supplied to Relevant Customers under a Domestic Supply Contract or a Deemed Contract;

 - (v) the number of customers subject to the Prepayment Tariff at the end of the first day of the Charge Restriction Period; and
 - (vi) any other information about the Prepayment Tariff which the Authority may from time to time specify.
- (r) The licensee must inform the Authority, in Writing (or in any other format specified by the Authority), of any changes to the information included in the report as soon as reasonably practicable after the implementation of any such changes, including as a result of the launch of a new Prepayment Tariff.

Determination of Relevant Maximum Charge

- 28AD.5 For each Payment Method (denoted p), 28AD Charge Restriction Period of length t months (denoted j), and for each of the 14 Charge Restriction Regions (denoted i), the Relevant Maximum Charge for a given level of consumption x shall be determined by reference to the Benchmark Maximum Charges

applicable during a 28AD Charge Restriction Period at two Benchmark Annual Consumption Levels denoted below as nil and m , as follows:

$$ChargeMax_{i,j,p}(x) = \left[ChargeMax_{i,j,p}(nil) \times \frac{t}{12} \right] + \left[\frac{ChargeMax_{i,j,p}(m) - ChargeMax_{i,j,p}(nil)}{m} \times x \right]$$

Direction for the purposes of section 3(2)(b) of the Act (Renewable Tariff Exemption)

28AD.23 The licensee may apply to the Authority to request a direction that a particular Tariff complies with section 3(2)(b) of the Act such that this condition 28AD does not apply pursuant to paragraph 28AD.4(b).

28AD.24 The Authority may issue a direction following an application made pursuant to paragraph 28AD.23, where the licensee can provide evidence to the reasonable satisfaction of the Authority that all of the following conditions are met:

- (a) the Domestic Customer has chosen an Evergreen Supply Contract;
- (b) the Tariff relating to that Evergreen Supply Contract supports the production of gas from renewable sources to an extent that is materially greater than that

which may otherwise be brought about as a result of subsidies, obligations or other mandatory mechanisms; and

- (c) the cost to the licensee of supplying gas by virtue of the particular Tariff relating to that Evergreen Supply Contract is materially greater than the Relevant Maximum Charge for reasons that are directly attributable to the support that Tariff provides to the production of gas from renewable sources.

28AD.25 The Authority may refuse to issue a direction pursuant to paragraph 28AD.24 where it is not satisfied that the materially greater cost referred to at paragraph 28AD.24(c) reflects an efficient level of the costs associated with licensee's supply of gas by virtue of the particular Tariff.

28AD.26 The licensee must comply at all times with the terms of any direction issued pursuant to paragraph 28AD.24.

28AD.27 The licensee must ensure that any information provided to the Authority pursuant to paragraph 28AD.23, 28AD.24 and/or 28AD.28 is accurate, and must immediately notify the Authority upon becoming aware that any such information is false and/or misleading.

28AD.28 The licensee must give the Authority any information that it reasonably requests about the licensee's compliance with any direction issued pursuant to paragraph 28AD.24 as soon as reasonably practicable after receiving a request.

28AD.29 The Authority may at any time revoke any direction issued pursuant to paragraph 28AD.24 where:

- (a) it appears to the Authority that any information provided by the licensee pursuant to paragraph 28AD.24 is inaccurate; and
- (b) the licensee is unable promptly to provide information which the Authority considers is evidence to its reasonable satisfaction that each of the conditions set out at paragraphs 28AD.24(a)-(c) are met.

28AD.30 The Authority may issue a direction pursuant to paragraph 28AD.24 in accordance with guidance issued by the Authority from time to time.

Direction for alternative compliance assessment

28AD.31 The licensee may apply to the Authority to request a direction concerning the compliance of a particular Tariff with the Charge Restriction where, due to the structure of the relevant Tariff, the Charges for Supply Activities at certain

consumption levels would exceed the Relevant Maximum Charge, but the licensee can provide evidence to the reasonable satisfaction of the Authority that it is unlikely that Relevant 28AD Customers subject to such Tariff will have a consumption level which would cause them to incur Charges for Supply Activities in excess of the Relevant Maximum Charge.

28AD.32 If the Authority has issued a direction to the licensee pursuant to paragraph 28AD.31, the licensee must comply with such direction and must determine, at the end of each 28AD Charge Restriction Period, whether any Relevant 28AD Customer has in fact incurred Charges for Supply Activities in excess of the Relevant Maximum Charge. If the licensee determines that this is the case, the licensee must:

- (a) inform the Authority in Writing without delay; and
- (b) pay a rebate to, or credit the account of, each such Relevant 28AD Customer equal to the difference between the Charges for Supply Activities actually incurred by Relevant 28AD Customers and the Relevant Maximum Charge within 30 days of the end of the relevant 28AD Charge Restriction Period.

49.1 This condition provides for specified holders of electricity and gas supply licences (acting collectively) to ensure the availability of services to facilitate the installation and operation of equipment that will enable the extension of the HAN at relevant premises such that it:

- (c) extends into a relevant part of the premises; and
- (d) enables communications to be made between the parts of one or more SMETS2+ Smart Metering Systems at those premises,

where one or both of those things cannot otherwise be achieved, after taking reasonable steps to do so, by means of equipment provided by the DCC in accordance with the Smart Energy Code.

Principal Obligations

49.2 Where the licensee is a Relevant Supplier it must, in conjunction and co-operation with all other Relevant Suppliers, ensure that:

- (a) the Alt HAN Activities are carried out; and
- (b) the Alt HAN Services are made available to all Relevant Suppliers and are provided on reasonable terms to any Relevant Supplier which has elected to acquire them.

49.3 For the purposes of paragraph 49.2(a), the Alt HAN Activities may be carried out by means of one of the following (or a combination of both of them):

Alt HAN Activities

49.6 For the purposes of this condition, the Alt HAN Activities means activities which:

- (a) are designed to determine which premises or groups of premises may benefit from the installation of Alt HAN Equipment;

- (b) permit communications to be made between the parts of a SMETS2+ Smart Metering System, or between part of a SMETS2+ Smart Metering System and another SMETS2+ Smart Metering System at the premises.

49.13 The reasons specified in this paragraph are that the HAN need not have the specified capabilities because:

- (a) it would be technically impracticable for it to do so; or
- (b) though technically practicable, it could only be achieved at disproportionate cost,

in either case in consequence of the physical or other characteristics of, or any other relevant consideration with respect to, the specified premises.

49.14 Where the licensee is a Relevant Supplier, and where it, in conjunction and co-operation with all other Relevant Suppliers, chooses at any time to establish the Exempt Premises List, it must for that purpose:

- (a) provide a draft of the Exempt Premises List to the Secretary of State;
- (b) together with that draft, provide to the Secretary of State information as to:
 - (i) the different service levels capable of being achieved by Alt HAN Equipment of different types or qualities;

49.17 The Secretary of State may, whether after receiving proposed revisions from the Relevant Suppliers or at any other time, and following consultation with all Relevant Suppliers and such other persons as she considers appropriate, revise the Exempt Premises List in such manner, with effect from such time, and to such extent as she may specify.

49.18 The Secretary of State may, by means of a direction in accordance with this paragraph issued to the Authority and all Relevant Suppliers, provide that:

- (a) any duty of the licensee under paragraph 49.14 or 49.16 expressed to be by reference to the Secretary of State and identified in the direction; or
- (b) any function of the Secretary of State under paragraph 49.14, 49.16 or 49.17 identified in the direction,

shall, from such date as she may specify, be treated as a duty expressed by reference to, or a function exercisable by, the Authority in substitution for the Secretary of State.

49.19 The licensee must provide a copy of the Exempt Premises List to any person who requests it.

49.20 For the purposes of the approval of the Exempt Premises List or any subsequent revision of it by the Secretary of State or Authority in accordance with this condition, any question arising under paragraph 49.13 as to whether the HAN could have the specified capabilities only at disproportionate cost shall be determined by the Secretary of State or Authority (as the case may be) in such manner and by reference to such factors as she or it considers appropriate.
